MINI ACTIV

Single Disc Machine available in 3 Versions:

Short Handle: length - 33 cm

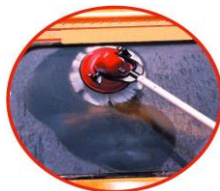

Medium Handle: length – 76/116 cm

Long Handle: length – 150/250 cm

The battery, the handles with varying lengths and the solidity of the motor enable the user to reach the hardest points without the need of stairs or scaffoldings, in total security from the ground.

The self-stabilizing rotating head of the motor enables to use the disc or brush in the best position.

The practical battery container with the shoulder straps help carry the battery without any excessive effort for its entire duration (approx. 4 hours), leaving the operator the total freedom to move around.

Technical Characteristics

- Weight–shorthandle:1.35kg
- Weight–mediumhandle:1.63kg
- Weight–longhandle:2.0kg
- Weight–Battery+Bag+Cable:3.0kg
- Speed: 360turns/minute

IMPORTANT: The MINI ACTIV can be used to clean the water marks (lines) of the pools as long as it is not fully submerged under water. Do not submerge all the way up to the handle.
