SF Pro becomes partner of the Union Cycliste de Monaco Cycling Club

It is with great pride that we announce that brand of professional cleaning products SF Pro is going to be a technical partner of the Union Cycliste de Monaco cycling club for the 2018 season.

As a matter of fact we are going to supply the one and only cycling club present within the Principality of Monaco.

Stefano Franzini, who is a keen cyclist himself and has worked in the past for UC Monaco said that: "I am very happy that we are going to be partners of this prestigious cycling club as I believe sports and especially cycling are great means to publicize our brand SF Pro."

Also Guido Possetto, the Sports Director of UC Monaco, was very enthusiastic about the partnership with one of the leading professional cleaning product brands in Monaco: "SF Pro products always deliver great results and therefore it is only just that it stands side by side with a successful team like ours."

About UC Monaco: The Union Cycliste de Monaco is the Principality's cycling club since 1952, it was previously a section within the A.S. Monaco (Monaco Sports Association). The club is affiliated to the Monegasque Cycling Federation and the Cote D'Azur committee of the French Cycling Federation.
